

ENHANCED SAFETY PROTOCOLS FOR LIVE EVENTS

The highest standards of safety and hygiene will be applied to Northstar Meetings Group events, both in the planning of the event, and it's production and management onsite.

Enhanced Cleaning:

All venues and sites where participants will gather will undergo enhanced, deep cleaning before, during and after our events.

Food & Beverage:

Northstar will work closely with venue partners to employ the highest standard of food safety.

Personal Hygiene:

Hand washing facilities and hand sanitizing stations will be provided at all hotels and venues.

PreCheck:

Northstar discourages attendance from participants who become symptomatic (fever, loss of sense of taste or smell, nausea, etc.) at any time prior to traveling to Northstar events.

Environmental Considerations:

With venue partners, Northstar will review the air filtration provided by the meeting venues' heating, ventilation and air conditioning systems.

Masks:

Masks are recommended for all participants.

Registration:

Northstar will employ a system that facilitates limited contact badge distribution for all participants.

Screening:

New York City requires that all attendees of indoor activities (including events) show proof of being fully vaccinated. Northstar will send out a link to upload this information to a secure portal prior to the event. Please do not email this information to the event organizers, but note that vaccination proof will be required for attendance.

Physical Distancing:

All events will follow local physical distancing guidelines and provide additional physically distanced seating, when space allows.
